

### As a: User

I want to: View a list of product so I can select some to purchase.

I want to: Create and connect to my account.

### As a: customer

I want to: CRUD product.

I want to: Checkout so I can get my products shipped to me.

### As a: Admin

I want to: CRUD list of products so I can manage it over time.

I want to: Have access to orders details so I can validate and ship customer purchases.
